Effect Of Movies On Children Is P. T. A. Talk

Dr. Howard Lane of Northwestern University gave a very interesting talk at the Parent-Teacher Council meeting in Des Plaines last Friday on "Movies and Their Effect On Our Children." Dr. Lane says that the movies have more influence on our children than any other community institution. Parents are apt to mock at the evils of the movies because they like them so well themselves. Statistics show that there are 80,000,000 children attending the movies weekly and 115,000,000 adults attending weekly. 27% of all movies are based on crime, 18% on sex, 16% on Comedies, 5% on mystery, 4% on war, 30% on love and love making. Dr. Lane says we live what we learn and we learn what we live, and unless we help our children to choose their movies wisely they will not learn the right kind of living from the movies. Choose the family movies that are recommended, and attend with the child. Too frequent attendance causes fatigue and irritability. Movies are here to stay and will be what the youth demand. Complicit your local theater manager, when he shows a fine feature and cooperate with him, in bringing the better films to your town.

Job's Daughters

Bethel No. 38 is having a card party Tuesday evening at the Des Plaines Masonic Temple at 8 o'clock. The tickets are 30c, which includes a door prize, raffle and a prize for every table. The public is invited. Come and bring your friends.

Do you have any old clothes, etc.? If so, please save them for Bethel No. 38. We are going to have a rummage sale some time in the spring. If you have any donations, kindly get in touch with Ruth Geisel. The date and place shall be announced later in this paper.

The next meeting of Bethel No. 38, the date and place will be announced. All girls are urged to come out. Bring your friends for the card party.

THE PUZZLED PARENT

The puzzled parent wishes he had a chance to learn something about bringing up children. It's a big job and an important one and he wishes he was better equipped to handle it.

The Counseling Counselor says it's never too late to learn. Perhaps your Parent-Teacher association has a class in Parent "Education for Home and Family." The easiest way for you to get some education about the matter, might be to subscribe to the National Parent Teacher and read some of the articles that apply to your children or just to go to the meetings of your association when there are talks on the subject.

Birthday Party

Little Craig Baldwin, better known as "Sparky" enjoyed having his relatives help him celebrate his birthday Monday evening. Sparky was three years old on Tuesday.

Mrs. Alma Hile, 418 S. Evergreen avenue, entertained Monday, Feb. 14, her group of old time friends to celebrate her birthday anniversary.

Saturday, Feb. 12 is the date of Mrs. Henry Schad's birthday and the usual company of intimate friends gathered in her home, So. State road, to congratulate her and a happy time was enjoyed.

Mrs. Henry Gruber, N. Duntun avenue, entertained her neighborhood circle Friday to a celebration of her birthday, which was earlier in the month. A dinner of choice food was spread for her guests and all enjoyed the treat. Games, bunco and play were played. Prizes were won by Mrs. Schomaker, Mrs. Chas. Peters, Mrs. Decker and Granzin. The other guests were Mrs. Butler, Mrs. Rogers and mother, Mrs. Fuchs.

French Club Meets

Mrs. M. Grigsby and Mrs. N. Graham entertained the French club, Monday afternoon. Dessert was served and the afternoon was enjoyed playing French games.

Mr. and Mrs. N. K. Barr entertained ten friends for dinner Saturday evening in honor of Mr. and Mrs. E. E. Pippinger, who have recently moved here from Harvey, Ill. Mr. and Mrs. E. R. Hendrick, son of Wilmette were out of town guests.

Mr. and Mrs. Charles Emmett entertained twelve guests at a Valentine dinner party Saturday evening. The evening was enjoyed playing bridge and games. Mrs. Harry Sebert and Mr. Atkinson and Mr. Heller had high honors for the evening.

Mrs. John Kunder entertained at a dessert luncheon party Monday afternoon. Bridge was enjoyed at five tables.

Mrs. Elroy Winkelman entertained her bridge club Tuesday afternoon. Dessert was served at 1:30.

Dessert Luncheon

At the meeting on February 23 at the home of Mrs. George Palmer the Gleaners Society will complete plans for their dessert luncheon to be held on March 17.

Safe Use of Leisure Discussed At P. T. A.

Mr. George Volz explained the Park Plan of Arlington Heights and asked for the cooperation of the P. T. A. at the meeting of that Society, Tuesday evening. Mr. Volz told just what the new Field House will be like when it is completed, and the plans of the park board for its use. Mrs. B. G. Baxter, local librarian spoke on the "Use of the Library" and stressed the importance of patronizing it, as all rental fees are used for the purchase of new books. Mrs. Grigsby spoke on "Movies" and stressed the importance of choosing the children's movies wisely and going with the children to the family pictures.

Miss Wilda Marten gave a very interesting report of a recent radio survey, which had been made through the schools showing which programs are the most popular with the children. She emphasized the importance of writing to the radio sponsors, criticizing their programs, rather than writing to the stations. This has a great deal of influence.

Do not let your children send for free gifts and thus patronize a poor program. This is the sponsor's check on his returns from his broadcast. The report of the survey shows a great majority of children listening to programs which are over exciting and stimulating, to say nothing of the subject matter which is presented; the survey is as follows:

In the upper grades "Charley McCarthy" headed the list, "Lone Ranger" was second, "Gang Busters" was third, "Jack Armstrong," "Terry the Pirate," Dick Tracy and others equally as exciting followed. Several children listen to such adult programs as "Lights Out" and "True Stories." The children in the lower grades seemed to listen to the same programs, as the same three headed the list.

Only five programs have the recommendation of the Parent-Teacher Council, as being excellent for children. They are as follows: "Jolly Joe," "The Singing Lady," "One Man's Family," "Jr. Nurse Corps" and "Calling All Stamp Collectors." The two poorest programs for children are "Gang Busters" and "Little Orphan Annie," the latter because of the poor English used.

Walter Hansen and Alma L. Niman, 414 N. Vail avenue, Arlington Heights, were numbered among the throngs who attended the thirty-second Founder's Week Conference at the Moody Bible Institute, Chicago, during the first week in February.

It is reported that no former conference required so many overflow services for daytime sessions, while even the great Moody church auditorium was inadequate for some of the evening gatherings, audiences on a lower floor receiving the messages through the public address system.

Members of the Sunday school class of Esther Heuer of the St. John's church remembered Ralph Becker with a valentine and cookies.

Miss Helen Dattilo returned from a Chicago hospital, after three week's observation. She must remain in bed for a month and wishes to thank everyone for remembering her.

Mr. and Mrs. A. H. Fessler and Helen, left for an extensive tour Thursday. Their first destination is to be Schinglehouse, Penn., where they will visit relatives, from there they plan to go to St. Petersburg, Florida to visit Mr. Fessler's sister, their next destination is to be Loma Linda, California, where they will see their children who are attending school out there.

CHRISTIAN SCIENCE CHURCHES

"Soul" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 13.

The Golden Text was, "My soul shall be joyful in the Lord: it shall rejoice in his salvation" (Psalms 35:9).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O God, thou art my God; early will I seek thee: my soul thirsteth for thee, my flesh longeth for thee in a dry and thirsty land where no water is: My soul shall be satisfied as with marrow and fatness and my mouth shall praise thee with joyful lips" (Psalms 63:1, 5).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Soul and Spirit being one, God and Soul are one, and this one never included in a limited mind or a limited body. Spirit is eternal, divine. Nothing but Spirit, Soul, can evolve Life, for Spirit is more than all else" (p. 335).

News Reel of the Elementary School

FIRST—NORTH
The first grade finished reading their fifth pre-printer this week. This is a group story written about the mail box that was made:
Our Mail Box
We made a mail box.
We nailed the legs on the box.
We cut a hole for letters.
We painted the box green.
We will mail our valentines in the box.
We will have a postman.
He will wear a cap.
It is fun to play postman.

FIRST GRADE—SOUTH
Our Visitor
After our trip to the dairy, we invited the milkman to come into our room. The children asked him questions. This is the story that the group wrote about it:
"The milkman came into our room. He told us that he gets up at 4:30 o'clock in the morning in winter. In summer he gets up at 2 o'clock. He has to take milk to lots of houses. In the winter he has a stove in the milk wagon. In summer he has ice to keep the milk cold."
We try to drink a quart of milk a day. We measured a bottle of milk and we found that there were four and one-half glasses in a quart. We each made a milk bottle of paper. When a child drinks a quart of milk a day, he puts a straw into his bottle.

SECOND GRADE—NORTH
A group story about the second grade's trip to the post office.
Our Trip to the Post Office
We went into the post office. We saw where the letters were dropped. We saw how they cancelled the stamps on the letters. The machine also puts a little circle on the letter. This shows the name of the town, the date, and the time of day the letter is mailed.

The letters are sorted. They are tied in bundles so they don't get mixed. The bundles are put in bags labeled Chicago, Palatine, Barrington, also Illinois, Iowa, Michigan and the other states. The bags are tied up tight and locked. The messenger takes these bags to the train.
The messenger bag brings mail bags from the train to the post office. The clerks unlock the bags and sort the mail for north and south sides of town, for rural delivery and general delivery.
The mail carriers sort their mail for their route.
The parcel post man sorts the packages for the northwest, the northeast, the southeast, and southwest sides of town and delivers them.

THIRD—NORTH
The third grade boys and girls are enjoying very much the books which they have in their room from the public library. They wrote reports of the books they liked best. Here are some of the reports:
Two Little Indians
I have been reading about two little Indians. Their names are Bright Eyes and Little Bird. This book tells about two little Indians and all of their playmates. The one story I liked most was when they caught a big bear. I liked the book very much.
Carl Teutsch, 3rd Grade

THIRD GRADE NEWS
Mrs. Sargeant sent a white hyacinth to us.
Edward brought branches of a pear and a cherry tree. We hope they will blossom.
Jacquelin brought a cocoon. We hope a cocoon moth will come out.
Dale Williams Grade 3

FOURTH GRADE—SOUTH
Some more poems have been added to our Post's Corner.
We made a post office for our

Valentine boxes. While we have the post office in our room we are learning something about the United States post office.
The map of the United States that we have been working on is finished.
We are making two more history pictures. This will finish our mural.

WINS PRIZE
The fifth grade of the South school won the dollar for having the most fathers present at the P. T. A. meeting. We were very glad to receive the dollar. We have not yet decided what to buy. We think we shall buy a picture or some pottery.
Olive Walt.

EGYPTIAN WEAVING
The fifth grade made a wall hanging of some Egyptian people weaving threads into cloth. It is made on unbleached muslin. Neil did the sketching, Nan and Francis colored it, Margaret made some cord for it, Margaret Yakabik fringed the edge and Betty Davis did the ironing. Now it is hanging up in the front of our room.
Nancy Crumlish.

LIBRARY CLUB
Last week on Friday the sixth grade had their first Library club meeting. George Gane, the president, called the meeting to order. A play was given from the book, "Further Fortunes of Pinky Perkins" by Peggy Bowlin and Barbara Barrett. Evelyn Bencie gave a book review of "Pollyanna." Bernette Carlson gave a book review of "Helen's Babies." Last on the program was a movie put on by Dolly Davis and Patty Groves on the book "Caddie Woodlawn." The children enjoyed the program very much.
Barbara Barrett, Grade 6.

NEW ACTIVITIES PLANNED
The members of the Student Council executive board have found sufficient occupation to employ themselves during the next few weeks, or even months. A few weeks ago Mr. Baker suggested that they discuss the possibilities of devising a system of awards for students who had performed an outstanding feat or been of service to the school during the year. Also, the Student Council is planning to sponsor the operetta, by conducting the sale of tickets and the publicity for the production. Both plans require a great deal of organization, planning, and discussion, so much time has had to be spent on them. The president, Marjorie Moodie, appointed Royce McWhorter and Ray Atkinson to set up a group which would have entire charge of publicity and ticket selling, and to report their progress to the executive board. A committee will also be appointed to work with a few teachers in working out a system of awards and setting standards for them.

Recently the Student Council made \$10.00, their share of the proceeds of the glass blowing exhibition given last week. This money may be spent for the awards, which may be a school letter, to be applied to a sweater, or something similar.
It was suggested at the meeting that students should not skate on school property, especially at night when the little children are playing on the sidewalks.
Margaret Allison reported that a number of girls were being replaced on the girls' auxiliary, and Orville Bolte and Earl Wilton reported favorably of the patrol boys, and bicycle committee respectively. A short time ago it was suggested that the fifth and sixth grades of the South School delegate representatives to the Student Council, but the question has not as yet been thoroughly discussed.
Marjorie Moodie.

BASKETBALL
The lightweight and heavyweight basketball teams played the South school intramural team last Friday. The grade school team lost both games.

The next game will be played against Barrington on February 14, at the Presbyterian gym.
Charles Hamburg.

AN ESKIMO VILLAGE
Rosemary Heller, Bill Griffith, and Earl Jensen are drawing a picture on the blackboard, which shows a village of Eskimos in their land of ice and snow. There are twelve igloos in this village in Alaska. Naturally there is a totem pole for the gods of the Eskimos. The picture, which will be completed in a few days shows two different types of Eskimo boats.
Earl Jensen, Grade 6.

GIRLS PROGRAM
The eighth grade girls are planning to have a program on Friday afternoon while the boys are having gym. Beulah Burkitt and Ruth Heuer are in charge of it. Every girl is expected to co-operate in making it a success. They all hope it works out successfully.
The program will consist largely of musical numbers. There will be community singing and a number of duets and trios.
Margaret Allison will present a reading while Betty Grose and Myrtle Rapp will give piano solos.

LETTERS to the Editor

A WOMAN

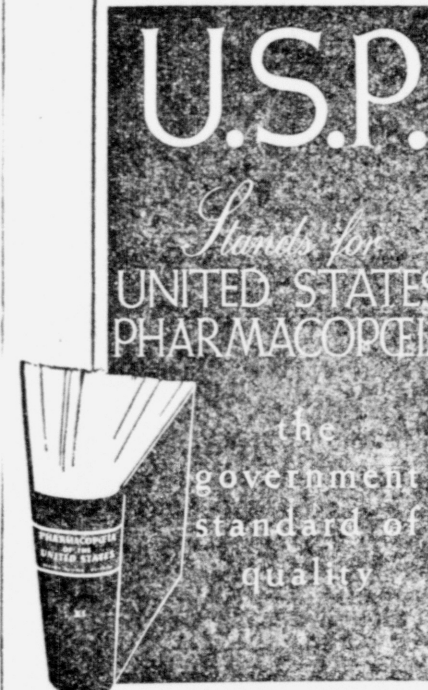

She's an angel in thought,
A demon in action.
A woman's the greatest of all contradictions;
She's afraid of a cockroach,
But she'll tackle a husband
As big as a house;
She'll take him for better,
She'll take him for worse,
She'll split his head open,
And then be his nurse.
And when he is well
And gets out of bed,
She'll pick up a tea pot, to throw
at his head.
She's faithful, deceitful, keen
sighted and blind,
She's crafty, she's simple, she's
cruel, she's kind;
She'll lift a man up,
She'll cast a man down,
She'll do all she can
to make him her clown;
You fancy she's this,
but you find she is that
For she'll play like a kitten
And bite like a cat;
In the morning she will,
In the evening she won't,
And you're always expecting she
does,
But she don't.
(Written by a Woman).

Hollywood Grants Grant Divorce with More-to-do Than Three-Ring Circus

Getting a divorce in Hollywood isn't always as easy as it sounds. Irene Dunne got one from Cary Grant for scenes in Columbia's new comedy, "The Awful Truth," starting Sunday and Monday at the Arlington Theatre. It was an uncontested divorce, with a property settlement made in advance, yet the trial took seven days, and that didn't include the ten days required to build the courtroom.

In the early days of pictures, movie couples went to a real courtroom to make scenes dealing with divorce. Now they prefer to build their own courtrooms—on sound stages, where they can control the lighting, the acoustics and even the temper of the judge.
The courtroom in "The Awful Truth" was modeled from a court in New Jersey, where the case is supposed to be heard. It was supervised by an ex-judge from that state, to conform to the New Jersey laws and legal procedure. Evidence was taken, and the decision made time after time, so that the cameramen could move the cameras about and get it from all angles.

It was fully a week before Director Leo McCarey finally gave his OK to the legal parting and let them take down the classic walls of the courtroom, yet the actual scene requires only a few minutes on the screen.
Probably a dozen really expensive divorces could be paid for with the money required to stage and photograph these few minutes of actual picture which audiences will see; to pay the salaries of the synthetic judges, attorneys and court attaches.

But in one regard Columbia saved money. Although the courtroom had a capacity of 400, only six sleepy villagers were needed for spectators. Because that's about all the visitors in any New Jersey courtroom for an uncon-

tested divorce of perfect strangers, with no fireworks.
And those 394 empty courtroom chairs represented a saving of \$15 a day each, for seven days.

Soil Conservation Program Delayed, Albert Landmeier

Farm Plan Held Up by Pending Legislation

"The 1938 Soil Conservation Program has been delayed beyond our expectations and wishes," states Albert Landmeier, president of the Cook County Conservation committee.

"We had expected by this time to be able to pass out information and establish goals on the farms of Cook county, but apparently because of pending legislation, which might change the setup, this work has been delayed. Just as soon as we possibly can, we hope to give farmers information that will definitely aid them in planning their crops for 1938."

The following examples which may or may not be correct are furnished by Farm Adviser Hughes to give a little information about what may be expected in the coming program.

It has been necessary to get the cropping systems on the farms of Cook county for 1936 and 1937, when there has been no cooperation with the government program. From these the allotment committee is establishing a soil depleting goal and a corn goal on each farm of the county.

Evidently the goal has no relation to the old soil depleting and soil conserving bases. It is possible, however, the goals will be very much the same as the old soil depleting base less the number of acres that the farm would usually reduce its production to conform to the program.

Vegetable Farm Example

The following may be about the way the program will work out for a vegetable farmer in Cook county.

Size of farm	40 acres
Crop acres	38
Soil depleting goal	24

As long as crops are not above the soil depleting goal there will be a payment of \$1.50 per acre or \$36.00 in this case.

Four acres corn goal. At an average yield of 40 bushels to the acre—10c per bushel will be paid making a total of \$16.00.

Thirty acres of vegetables—apparently a soil building payment of about \$2.00 per acre for each acre in vegetables in 1937 will be paid which must be earned by the use of phosphate, lime and the seedling of soil building crops. In this case it would yield \$60.00.

Fourteen acres soil building goal. This is the difference between the soil depleting goal and the 38 crop acres. A payment of 70c an acre or \$9.80 will be made which must be earned by not having this acreage in soil depleting crops. It may or may not be seeded to clover, etc. Apparently crops will be classified as "soil depleting" or "not soil depleting." Soybeans and sudan pastured or soybeans cut for hay will apparently be classified as not soil depleting. It would appear that a farm needing hay for 1938 may sow an acreage of soybeans and make hay from them and not have this counted as a soil depleting crop. This should be a distinct advantage to the dairy farmers of Cook county.

All of these payments in the above case total \$121.80, of which \$69.80 must be earned.

General Farm Example

120 acres crop land; 80 acres soil depleting goal at \$1.50 an acre makes a total of \$120.00.

40 acre corn goal at a general average of 40 bushel with the payment of 10c per bushel will yield \$160.00. The difference between the soil depleting goal and the crop land is 40 acres, which at 70c an acre will yield \$28.00. This makes a total payment of \$308.00 on a farm of this type.

Penalties. There are some rather severe penalties connected with this program. For each acre of corn above the corn goal a penalty of five times the allowance will be made. On 40 bushel yields this would come to \$20.00 an acre.

For each acre over the soil depleting goal, for which a payment

of \$1.50 is made per acre, the penalty will be eight times this payment or \$12.00 an acre.

However, these penalties will not be added together but if, for instance, there are two penalties one for being over on corn and the other for being over on the soil depleting base, the higher penalty will rule instead of adding the two penalties together.

"These examples are presented from the information that we have which is not official and they should not be taken to represent actual calculations of farms under the program," states Mr. Hughes.

Certify Origin Legume Seed
As was the case last year, it will be necessary for the participants in the 1938 soil program to secure statements from the dealers or the producers of grass seed certifying the origin of these seeds that will be sown as red clover or alfalfa or mixtures of the same.

The following states may be considered as sources of adapted seed: Colorado, Idaho, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, North Dakota, South Dakota, Utah, Wisconsin, Wyoming, and certain counties in Oklahoma, Washington and also from Canada.

These certification forms may be secured from the soil conservation headquarters at the Farm Bureau offices at Arlington Heights and Blue Island.

Big Navy Less Important Than Spiritual Awakening, Dr. Maier Says

American churches must pay more attention to the spiritual unpreparedness of the nation than to naval ratings, Doctor Walter A. Maier said Sunday in his coast-to-coast Lutheran Hour broadcast. Millions of Americans, lacking any religious foundation, could not endure the rigors and privations that have engulfed European nations, according to Dr. Maier.

"It is the glory of the Christian creed," Dr. Maier continued, "that faith in Christ does not offer what an increasing list of modern cults claim—ease, peace, comfort, success, popularity, culture, relief from life's paralyzing hardships; but that in Christ it grants the power to meet and defeat adversity and to find spiritual advantage in affliction."

Doctor Maier appealed to the youth of America, and remarking that the Christian college students "have unusual responsibilities and under God they can exert a far greater influence than they ever believed." At the beginning of the last century, he added, only five students at Yale professed to be Christians, the rest glorifying in atheism and calling each other "Voltaire" and "Rousseau" and other names of brazen infidels.

"In 1892," Dr. Maier continued, "a revival swept Yale, and one-third of the students were converted to Christ and one-half of this group entered the ministry. There were similar occurrences in other schools and the awakening spread from the campus throughout the city to the countryside. If only in these critical years the spirit of God would awaken in our universities leaders and trained minds that love the message of the cleansing blood."

FOLLOW THE CROWD

Whenever you hear the saying "Swing and Sway the Mertes Way" you know that Frank Mertes and his 11-piece orchestra, is playing, be sure to attend that dance and give the boys a trial.

Beginning Saturday, February 26, Frank Mertes and his orchestra are playing every Saturday night at the Rand Tower. So let's all remember the date and follow the crowd to Rand Tower and dance to the tune "Swing and Sway the Mertes Way."

Must Work for Contentment
"Contentment," said Uncle Eben, "ain't much good to a man if it leaves him satisfied to sit on de doorstep an' live wifout workin'."

OBITUARIES

HENRY E. OLTENDORF

Henry E. Oltendorf, 77 years old, a retired farmer, died Saturday evening at 7 at the home of his son, Louis W. Oltendorf in Wayne township, following a short illness. He was born in Hanover township on July 10, 1860 and had spent his entire life farming in this vicinity. He was a member of the Immanuel Lutheran church of Ontarioville.

Survivors, besides the son, are a daughter, Mrs. Fred H. Licht-hardt of Elgin, four grandchildren and four great-grandchildren. His wife, Mrs. Caroline Oltendorf, died 12 years ago.

Barrington P.T.A. Offers Play for Benefit of Child Hygiene Fund

Barrington P. T. A. is sponsoring "Aladdin and His Wonderful Lamp" at the Catlow theater, at 2 p. m., Saturday, February 26, for the benefit of the child hygiene fund.

The play is to be presented by the University of Chicago Settlement League Players and is especially entertaining to children. Thelma Dahlberg, director, is a graduate of the Goodman Dramatic school. The play was presented at Mandel Hall at the University of Chicago last week and was enthusiastically received. Some of the characters in the play are Aladdin, Muss Sed, his camel, a musician from Bagdad, a princess, and the wonderful lamp that grants any wish.

Admission is 35 cents for children and 50 cents for adults. Tickets are on sale at McLeister's, Barrington.

National Children's Week Is Celebrated At The Emerald Shop

This is National Children's Week throughout the U. S. A. and it is being celebrated in Arlington Heights by The Emerald Shop with a special money saving sale on wearing apparel for all ages up to 16 years. Heretofore the nation has had its Father's Day, its Mother's day, Boy Scout weeks, etc., and it seems that somehow everybody had forgotten about the smaller children. So this year the movement is being launched for the first time and is expected to become an annual event. The official dates are from Feb. 14 to Feb. 20.

Mrs. Josephine Heuer To Be Buried Friday

Mrs. Josephine Heuer, wife of Edward Heuer and daughter of Henry Gewecke, of Mannheim road, died Monday. The funeral will be held Friday afternoon at one o'clock at St. John's church near Bensenville with interment in Ridgewood cemetery. Obituary next week.

Used by CHICAGO MOTOR CLUB

Forest View School Dist. No. 56

Monday morning two county patrol officers called on us giving talks on safety on the highways. We are all going to try to earn the reward star for obeying the rules of the safety club.

Each day we enjoy our new table and chairs more.

Last week we made flags in art class. At first we thought it would be easy, but it takes a great deal of measuring and planning to make a flag of standard size. We found which star stands for Illinois. The lower grades made a flag of red, white and blue paper chains. When we finished the flags we learned a new song about Our Flag and then sang "The Star Spangled Banner."

The attendance in our school has been very good this winter. We had a Valentine box and all received many pretty valentines. We made up Valentine rhymes. Then we had a race to see who could make the most words from the word Valentine. Floyd Senne and William Miller found one hundred words. Violet Goebbert found sixty-seven. They were the winners. The card and bunco party will be on the 25th of February. Every-

one is anxious for that night, as we are all sure of a good time.

Strong Church Five to Defy Arlington Alumni; Girls Play Glenview

by CHARLES O'HAGAN

Play will be hot and heavy in the old Hi Gym when the Karstens Mortician Girls and Glenview Hawks tangle at 8 p. m.

The Hawks were the last team to defeat the Arlington girls and since that time they have won five in a row. The Glenview team are the natural rivals of the Arlington Girls, just as Palatine is the natural rival of the high school and Alumni teams, so the game is sure to be a good one.

In the second game at 9 p. m., the undefeated Arlington Alumni will meet the perennial top notch team in Chicago church circles the strong Edgewater Presbyterian boys of Chicago.

Any followers of Evening American tournament Basketball games know the record of these past clumps and runners-up, they are always in one or the other positions. Our boys will have their hands full, but their point a minute record indicates they will have something to say regarding the outcome.

Any of the regular patrons will tell you they will go a long way to see a better double bill than was played last week when the Karstens Girls won a thrilling 19-18 overtime victory over the strong Wheaton Y Girls, who had previously defeated our girls twice.

The Alumni pulled the rabbit out of the hat and overcame a 15 to 4 deficit to win in the final quarter 47-44 over a small, but fast Westmont team.

Arlington Lightweights Down McHenry Lights, 37-36; Season's Best

The second section of Arlington's Green Tornadoes, aided by a substitute from the heavies, went to McHenry Saturday night and bagged a 37-36 victory over Coach McCracken's lightweights.

The big lightweight squad which has represented Arlington all year, was divided for the two games, so that no player who participated in the Libertyville lightweight game, played in Saturday's contest. The McHenry boys, holding victories over Northbrook's heavies and Elia's good light-weights, nearly stole the game when they cut down a ten point lead in the last five minutes, but aggressive little "Ken" Koelling held his ball club together long enough to win.

Laure of McHenry scored fifteen points with some fine shooting. Meyers and Tanyan carried much of the remaining load for the home team. "Whitey" Mueller was on the scoring end of numerous good passing plays and did a lot of rebound work to annex nineteen points for the victors.

Honken's rebounds were a strong factor and brought him three baskets. Koelling and Koenig played all over the floor to give a demonstration of co-ordinated defense and driving offense.

It was the best lightweight game played by an Arlington team this season.

MAC SAYS

—By—

Gerald A. Mc Elroy

The conference cage season is just about over. Friday's games close the regular schedule for all but Lake Forest and Barrington who make up a postponed game on February 25.

Elia Sure of Pennant
It would appear to many readers that everything has been decided at this stage of the race, but we cannot see it that way. Of course, Elia is already in as far as the heavyweights are concerned. Western's boys could lose to Grant Friday and still be undisputed leaders, but there seems little chance of Grant's small boys pulling such an upset.

Leyden appears to have second place clinched, but you never can tell about that Arlington team they are to meet. The Cards took Libertyville for a trimming Friday in an overtime and may have cured themselves of the tendency to fold up in the late stages as they have on so many former occasions. And, perhaps, the Arlington boys may be reminded of last year's tilt with Leyden when they did the prize fold up by allowing Leyden to overtake them when they were holding about a 14 point lead very late in the game. A reminder of that ought to stir the Cardinals.

Apud how about that lone football upset that Leyden handed the Cards and cut them out of an undisputed hold on first place? We think Leyden will have to play good ball to hold second place, but still we think they can do it. Palatine and Antioch, tied for third, meet Bensenville and Libertyville respectively and hope to rise if Leyden loses. They, however, will both have their hands full holding third. Libertyville has lost three straight and will be in no mood to lose their fourth, particularly to Antioch who came from behind to nose them out earlier in the season.

Bensenville To Be Tough For Palatine

Palatine expects one of the closest battles of the year when Bensenville comes to town, and the Bisons may be too strong for the Pirates this time with Escoria to bolster their attack. Palatine did not suffer and has not lost in two starts since a couple of regulars were ruled out. The Pirates are not quite so strong on the scoring end, but are still a tough defensive team at home. If O'Brien and Nangle get some scoring support the Pirates can be considered favorites.

Niles, also in third place, probably will have the hardest time of any of them trying to hold that spot in their final game up at Lake Forest.

Leyden, Palatine Lights Still Tied In Cage Race

In the lightweight division it is a race right down to the final game between Leyden and Palatine. Both take on second division teams in Arlington and Bensenville whom they have defeated before, but you never can tell in this game of basketball. Elia just behind the leaders takes on a really tough opponent in Grant.

Libertyville Thought Cards Would Be "Easy Pickings"
Speaking of the uncertainty of basketball take the Arlington-Libertyville case. Libertyville beat Woodstock who trimmed Crystal Lake who beat Arlington twice. Libertyville had previously downed Arlington on the Cards home court. Before the game the Libertyville Independent Register in commenting on the prospects mentioned that "it should be fairly easy pickings for Libertyville," and that the game should not give Bergstrom any added grey hairs and that he would find the bench much more restful than the previous week. But Arlington won and that is what makes the fans turn out to see basketball.

To the coaches of Libertyville, Arlington and others of the conference such games are not considered exactly upsets. There have been others such as Barrington's win over Palatine and Niles after earlier decisive drubbings, and Leyden's loss at Bensenville after winning at home by 20 points.

Lack Scorers
Arlington, Bensenville, and Barrington piled up an early record of losses due to lack of a really good scorer. They lost close games and, most of their boys being inexperienced, little confidence was developed. They played good ball, but lacked that something needed to win. Then, when someone started hitting a flock of baskets as Rice did for Barrington on occasions, other boys on the team realized they were just as good as their opponents and set out to prove it. Those teams will be a lot tougher next year as they lose very few players.

Tourney Changed

We call your attention to the change in the district tourney at Wauconda which has been enlarged to include Hebron and Richmond, making a total of 10 teams. There will be three games each of the first two nights, Wednesday and Thursday. The Elia-Hebron tilt Thursday should be the top game of the first two nights. We think

Herrmann's Team Crippled By Loss Of Koppen, Star Forward

Palatine came home from a trip to Wauconda Tuesday night with two more cage victories in a pair of non-conference contests. The heavyweights won 31-12 in a game which was one sided all the way and might have been much worse, but for very poor under the basket shooting by the Pirates in the first half. Wauconda was crippled, however, without their star, Koppen, who sat out the game nursing an injury.

The Palatine lights played a very poor brand of ball until late in the final period when they jumped into the lead and extended it to eight points on four baskets by Stewart in quick succession. Stewart with eight and Snyder with six were Palatine's top lightweights scorers. Vasey made six for the losers. Palatine led 8-6 at the half.

Palatine led 13-4 at the half of the first team game, but hit a very low percentage of shots. O'Brien missed 14 set ups in a row before finally getting a basket just before the half. The shooting percentage improved in the second half, but poorer passing brought fewer opportunities. All the Palatine scoring was on a fast break where they really worked the ball in for easy shots. The Pirate defense prevented Wauconda from getting many short shots and only one was scored from near the basket.

Nangle led the scoring of both teams with 15 points. Fink scored eight points. Schaeffer of Wauconda scored six points. Palatine may likely meet Wauconda in the tournament next Thursday if Herrmann's team beats Northbrook. Wauconda with Koppen in the lineup is a much different ball club.

Tuesday's victories were number 13 for the lightweights in 17 starts and number 14 for the Pirates regulars in 18 court battles. Friday night Bensenville is engaged in the last conference and last home game of the current season.

Hebron is the strongest team in the tournament. Hebron is undefeated with both lights and heavyweights in their league.

Dundee Going Strong

Dundee has clinched titles in both divisions of the little seven conference with 12 consecutive victories and no defeats as the record of both lights and heavyweights. The heavies have won 36 consecutive games in their cage league over three seasons. Both Blanken and Hansen have topped all previous league scoring marks and still have two games yet to go. The previous mark was 144. Blanken now has 155 and Hansen 154.

Dundee's teams have both scored more than twice as many points as their opponents. The lights have scored an average of 31 to opponents' 13 while the heavies average 44 to opponents' 21.

La Grange Citizens Comments On Tourney Assignments

The LaGrange Citizens comments on the state system of assigning teams to district tournaments as unusual in that Hinsdale ranking second in the West Suburban conference must play in a district meet while all the rest of the league members go directly to the regional. This is a result of the state's new system of seeding teams according to size and not strength. It is even more noticeable in the Northwest conference where the first five teams in the standings, Elia, Leyden, Palatine, Antioch, and Niles Center are all assigned to district meets while four teams well down the line are promoted to the second tournament series.

Leyden Ties "Charity" Record

Leyden scored 16 out of 24 free throws in beating Lake Forest Friday. Incidentally it is the exact record Palatine made against Arlington recently, which to our knowledge tops the conference for the season in number made in a single game.

Zone vs. Man-To-Man

Only two teams out of 14 in both divisions of the West Suburban League use a zone defense. The teams are the Hinsdale heavies in second place and the La Grange lights in third position. The greater popularity of this style in the Northwest Conference is due in some degree to the smaller courts.

Few Fouls

Bensenville set the record for the conference season in low number of fouls in their two games at Niles, Friday. The heavies were charged with but three violations and the lightweights with six. That is a total of nine for two games.

In non-conference games at Wauconda Tuesday, Palatine was charged with 10 fouls in the two games and Wauconda with only eight. Palatine lights were called but twice.

Boys Near Scoring Title

Boys of Niles has 118 points with but one game to go and leads Mielke of Grant by 11 points as the Fox Lake star moved his total to 107.

Palatine Lion Bowlers Grasp Lead

Mt. Prospect Throttles Des Plaines For Second Place Tie

Palatine Lions club bowlers are back again into undisputed possession of first place in the Northwest Highway Lions club bowling league. While Palatine was taking three games from the lowly Arlington Heights team, Mt. Prospect was upsetting the leading Des Plaines team. Of course, it must be said that Des Plaines was minus its "power house" in the nature of the Schulze brothers. Both were absent for business reasons.

However, no one need minimize Mt. Prospect's victory for they bowled one of the highest series of the entire league. They finished with a total of 2705 pins which is a record as far as this league is concerned.

By winning two out of three games, Mt. Prospect is now in a tie with Des Plaines for second place and their winning helped greatly in putting Palatine two games out in front.

Next Monday night, Mt. Prospect bowls Palatine, and Arlington Heights will match skill with Des Plaines. Scores and team standing follow:

Leyden Victor In Spectacular Twin Bill At Lake Forest

One of the best double bills of the season was played at Leyden Friday night when Lake Forest went down to a pair of very close defeats. Leyden won the main attraction, 34-32 and the lightweight game 36-31. Both were anyone's ball game all the way and were very well played.

In the heavyweight game, Leyden was outscored 12-9 in field goals but sank 16 free throws to eight for the Scouts. Nelson and Witort made 27 points for Leyden. Nelson getting a total of 17. Green held Rose, hot shot Lake Forest forward to five points and therein may be found one of the reasons for Leyden's success.

Leyden led 18-15 at the half and 27-26 at the third quarter after Lake Forest had held a temporary first quarter advantage. Moore's long shots kept the Scouts in the ball game. Moore scored 14 points. Two boys on each team were put out on fouls.

In the lightweight game, Leyden played great ball to keep first place along with Palatine. Lake Forest threatened all the way. Liehke with 12 points and Anderson with 11 points topped the scorers.

It will be about impossible for Mielke to catch Boyk considering that his one remaining chance is against the powerful Elia Bears. In third place is Witort of Leyden with 100 followed by his teammate, Nelson with 93. Koppen of Wauconda, whose team was idle Friday, is fifth with 91.

Seven N. W. Conference Schools In Melee At Wauconda

Next Wednesday a State District tournament opens at Wauconda involving 10 schools, seven of whom are members of the Northwest Conference. There will be three games on each of the first two nights. Local interest will center on the second round games Thursday night when Elia and Hebron meet at eight and Palatine plays at nine o'clock against the winner of the Wauconda-Northbrook game of the previous night.

The schedule announced last week was changed as the state office assigned the additional teams of Hebron and Richmond to the meet. The tourney will continue to Saturday night and winner and runner up will be advanced to the Wauconda regional. The teams entered Tuesday, February 24—7: p. m. Antioch vs. Warren. Wednesday, 8:00 p. m. Elia vs. Hebron; 9:00 p. m. Palatine vs. winner of second game Wednesday.

Friday, February 25—7:30 p. m. winner of last game Wednesday vs. winner of first game Thursday; 8:30 p. m. winner of second game Thursday vs. winner of third game Thursday.

Saturday, February 26—8:00 p. m. grand championship game between winners of the Friday evening games.

GAMES NEXT WEEK

Saturday
Glenview vs. Itasca.

Roselle vs. Norwood Park.

Sunday
Park Ridge vs. Palatine.

Des Plaines vs. Arlington.

Itasca vs. River Grove.

Des Plaines bumped Roselle out of the first place tie by beating them 41 to 29 in the Lutheran League games over the week-end.

The victors took an early lead and never relinquished it. Kaitschuck was the high scorer for Des Plaines, collecting 17 points.

Palatine beat Glenview 49 to 25. It was a rather one sided game. Palatine never being pressed during the entire game. They played their usual good game and had very little trouble winning.

Itasca defeated a stubborn Park Ridge team 42 to 31. The Park Ridge boys played a very good game against the strong Itasca team. However, the victors again proved that they are one of the best teams in the league.

E. Mensching and Elbert shared scoring honors with 12 and 11 points respectively.

A last quarter rally helped Arlington defeat Norwood Park 30 to 22. After trailing for three quarters, the local boys put on a burst of speed and took the lead. They couldn't seem to get going and it looked very much as though they would lose the game. The Weisgerber boys got together and pulled the team out of hot water and finally gave them a victory. The two brothers collected 10 points apiece.

Des Plaines scored their second victory in two days, beating River Grove 41 to 22. They had very little trouble scoring their victory, however.

Bensenville Loses To Niles Center

Bisons Push Niles Five But Drop Behind To 36-26 Final

Bensenville continued to play good ball, but came up against one of their strongest opponents of the season Friday at Niles Center and lost a pair of fine games. Niles heavies won 36-26 and the lights 27-19.

After a close first quarter which ended 6-4 in favor of Niles, the Bensenville boys were behind 20-12 at the half. Led by Escoria, the Bisons rallied to close the margin to 26-22 midway in the second half, but fell behind still further in the closing minutes.

Very good passing, shooting, and defensive work made Niles the superior team. Boyk, leading scorer of the league almost clinched first place with 15 points, bringing his total to 118, which is 11 points ahead of Mielke of Grant, his nearest rival.

Escoria, with 11 points and the all round play on both offense and defense of the Baumgartner brothers, merits special comment for Bensenville.

Niles lights took a half time lead of 11-4 but Bensenville rallied to come within two points of them at one time in the second half. The little Bisons continued to hit free throws consistently. Kevli, in particular, made five out of seven and Geils sank both of his attempts. Bensenville made five field goals, nine out of 15 free throws and was charged with six fouls. Niles made 13 field goals, one out of seven free throws and was charged with 13 infractions.
